

## Technical data sheet

### Oven cleaner

# C 151

## Alkaline heavy-duty cleaner for cookers, ovens and steamers

### Area of application:

- Suitable for cleaning of combination and hot-air steamers, convection ovens, grills and ovens in restaurants, hotels and commercial catering kitchens, as well as bakeries and butchers' shops.
- Powerfully removes carbon soil, grease, grill residues, burnt-in grease and food remnants of all kinds
- Suitable for all stainless steel and cast iron surfaces only.
- Not suitable for aluminium.

For optimum cleaning of areas around the dishwasher we recommend use of the Winterhalter Kitchen Hygiene range. The products are optimally matched to each other, and colour-coded. Their concentrated formula permits optimum cleaning with economical consumption.

### Product advantages:

- Highly concentrated
- Outstanding carbon, grease and dirt removal

### Dosage:

Depending on the degree of soiling, spray undiluted or dilution with 1:10 part of water.

C151 is recommended to be used in a spray bottle, for spraying onto warm surfaces. Allow sufficient contact time then clean the surfaces using brush or green pad. Lastly, rinse away with plenty of water. Caution: never preheat the surface to a high temperature for cleaning as this will cause the product to evaporate when sprayed on and the vapour inhale can be hazardous.

### Ingredients:

Sodium Hydroxide, Non-ionic Surfactant, Dispersing Agent

## Technical data sheet

### Oven cleaner

# C 151

#### Delivery sizes:

5 l	PE bottle
-----	-----------

#### Technical data:

Colour:	brown
Odour:	product-specific
pH Value:	approx. 14
Shelf life:	24 months
Storage conditions:	cool, dark, upright, store separately from acidic products, to max. 30 °
Density:	1.26-1.27 g/cm <sup>3</sup>

#### Disposal of empty packaging:

- Destruction as required by regulations (incineration) of product residues via an authorized specialist disposal company.
- Information on disposal of product residues can be found in the safety data sheet.

#### Safety notes:

R 35	Causes severe burns.
S 23	Do not breath gas/vapour/aerosol
S 26	In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.
